

**Nidhi A. Khakher**  
**E&C Department**  
**IEP-2016 (Kansas State University, USA)**  
**Babaria Institute of Technology**

In this Summer Program organized by GTU, I gained knowledge of Digital Signal Processing and Wireless Communication subjects.

It was an awesome and great experience to be a part of KSU family for two months.

Looking at my educational pursuits and dedication, KSU dignitaries have offered me the scholarship for the persuasion of PhD degree in their University.

It has been such a pleasure and honor to be one of the few selected students from our whole batch of IEP-2016.

I am truly and honestly thrilled to be selected for such an appreciation.

This all would not have been possible without the support of my BITS family, GTU and my family. And I with great gratitude would like to thank KSU for giving me such an opportunity to be a part of it again.
